List of OAP Benefits

Benefits of OAP

- Standard paper application can be a pain to fill out, if the applicant has carpal tunnel syndrome. So, at this point, the online admission portal helps to fill out the pre-admission (Registration) form in the very easy and short way from anywhere in the world.

- The goal of 'Online Admission Portal' is to computerize the admission management system structure, its related operation and functionality to rectify this weakness. Also, the purpose is to provide support to the administrator and admission seeking candidate by providing a faster, transparent and easy way of maintaining records and utilize them for reference and further proceeding.

- Minimize time of processing, because of no time limits; institutes admission process time is reduced.

- The candidate doesn't need to stand in long queues to get their queries to get an application form and submit the same.

- Manpower saving, institute doesn't need to assign additional security to manage crowed.

- Dedicated support team for our client to provide instant help.

- The Student can pay the application form fee via online using credit card, debit card and wallet extra at anywhere. Today in this new era, paying the fee via online will be very reliable and accountable for the student.

- The Student doesn't need to crop, resize and scan any of the single document, because our system will automatically set it once document will be uploaded.

- OAP is going to have result declaration feature very soon, and it is being done using Artificial Intelligence.

- The process is simple and & user friendly, like filling a form manually and the difference being the use of the keyboard instead of pen.
